

Feed the Future Innovation Labs

★ Lead Institution

● Collaborating Institution

Oregon State University

- Aquaculture and Fisheries

Washington State University

- Climate Resilient Wheat

University of Illinois, Urbana-Champaign

- Soybean Value Chain Research

Michigan State University

- Food Security Policy
- Grain Legumes

Purdue University

- Food Processing & Post-Harvest Handling

Tufts University

- Nutrition

Pennsylvania State University

- Climate Resilient Beans

Virginia Tech University

- Sustainable Agriculture & Natural Resource Management
- Integrated Pest Management

University of Georgia

- Peanut & Mycotoxin
- Climate Resilient Sorghum

Texas A&M University

- Small Scale Irrigation

University of Texas, El Paso

- Rift Valley Fever Control in Agriculture

University of California at Riverside

- Climate Resilient Cowpea

Kansas State University

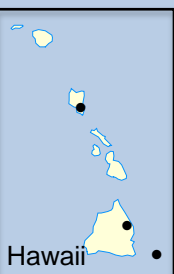

- Reduction of Post-Harvest Loss
- Applied Wheat Genomics
- Sorghum & Millet

Colorado State University

- Adapting Livestock Systems to Climate Change

University of California at Davis

- Assets & Markets Access
- Climate Resilient Millet
- Climate Resilient Chickpea
- Horticulture
- Genomics to Improve Poultry

Hawaii

Puerto Rico
