Michigan State University, Department of Agricultural Economics

July 2004

Below are items recently modified, added or in the process of being posted to MSU's Food Security III (FS III) Web Site. All items listed are currently downloadable in Adobe Acrobat format or will be available shortly. Listings for publications at MSU and in each specific country where we work are generally mutually exclusive. Those searching for research publications by specific MSU and/or host-country collaborators should therefore consult specific in-country, as well as the campus-based publication lists. You may click on the URL for each specific section to gain quick access to the documents.
